

Lazard Global Equity Franchise Fund

W Class (APIR LAZ0025AU)

Product Disclosure Statement
30 October 2025

LAZARD
ASSET MANAGEMENT

This Product Disclosure Statement (“PDS”) is a summary of significant information relating to the Lazard Global Equity Franchise Fund ARSN 605 065 807 (“Fund”). It also contains a number of references to important additional information, marked with an “**!**” which can be found in the Additional Information Document (“AID”). The information in the AID forms part of this PDS. You should read both this PDS and the AID (together the “Offering Document”) before making a decision to invest in the Fund. The information in the Offering Document is general information only and does not take account of your personal financial situation or needs. You should get financial advice tailored to your individual circumstances.

Contents	Page	
1 About Lazard Asset Management Pacific Co.	1	To obtain a paper or digital copy of this PDS, the AID, the Application Form and any updated information, free of charge, please contact Lazard Asset Management Pacific Co., ABN 13 064 523 619, (“Lazard”) by visiting our website at www.lazardassetmanagement.com (“website”) or contacting us on 1800 825 287. Our address is Level 12 Gateway 1 Macquarie Place Sydney NSW 2000. Investors who invest through an IDPS, IDPS like scheme or other platform (collectively referred to as a “Platform”) should contact their Platform operator and complete the application form provided by their Platform operator who will become the investor in the Fund on your behalf.
2 How the Lazard Global Equity Franchise Fund works	1	Lazard, who holds an Australian Financial Services Licence number 238432, is the Responsible Entity of the Fund available for investment through the PDS and is the issuer of the PDS and the units in the Fund. An investment in the Fund does not represent deposits or other liabilities of any member of the Lazard group. Neither Lazard nor any member of the Lazard group, including Lazard Asset Management LLC and its affiliates guarantees in any way the performance of the Fund, repayment of capital from the Fund, any particular return from or any increase in the value of the Fund.
3 Benefits of investing in the Lazard Global Equity Franchise Fund	3	This PDS does not constitute an offer or invitation in any place where, or to any person to whom, it would be unlawful to make such an offer or invitation. No action has been taken to register or qualify the units or the offer or otherwise to permit a public offering of the units in any jurisdiction outside Australia and New Zealand (“Relevant Jurisdictions”). The distribution of this PDS in jurisdictions outside the Relevant Jurisdictions may be restricted by the laws of those jurisdictions. Any applicant from a jurisdiction outside the Relevant Jurisdictions must warrant that their application and its acceptance by Lazard does not breach the applicable laws of that jurisdiction. A failure to comply with these restrictions may constitute a violation of the laws in those jurisdictions.
4 Risks of managed investment schemes	3	The information in the Offering Document for the Fund is up to date at the time it was prepared. Changes to the Offering Document that are not materially adverse to unitholders may be updated from time to time by Lazard by including these changes under ‘Updated Information’ on our website . Current information, including the recent performance of the Fund, may be obtained by contacting the Platform operator (where investing through a Platform) or from our website .

responsible for the management of assets for clients across domestic equities, global equities, fixed income, and alternative assets.

The role of the Responsible Entity is to operate the Fund and ensure that the Fund complies with the constitution and legislation that governs the Fund. The Responsible Entity also sets the Fund’s investment strategy. The Responsible Entity has the power to delegate its duties and appoint other entities to perform tasks and provide services to the Fund. Lazard has appointed State Street Australia Limited (“the administrator”) as custodian to hold the assets of the Fund and to provide administration functions including portfolio valuations and investment accounting. Lazard has appointed Automic Pty Ltd (“the registry”) as the unitholder registry for the Fund.

Section 2 How the Lazard Global Equity Franchise Fund works

! You should read the important information about How the Fund works, before making a decision. Please go to Section 2 of the AID or visit our AID website <https://www.lazardassetmanagement.com/docs/3347/AdditionalInformationDocument.pdf> (“AID website”) This information may change between the time you read the PDS and the day when you acquire the units in the Fund.

How the Fund works

The Fund is a registered managed investment scheme in which investors pool their monies, and this pool is then managed by Lazard in accordance with the Fund's investment strategy. The Fund is governed by a constitution and the *Corporations Act 2001* which provide the terms and conditions under which the Fund operates and sets out the rights, liabilities and obligations of unitholders and Lazard. These rights, liabilities and obligations may be affected by amendments to both the constitution and to the *Corporations Act 2001*.

What investors acquire

When an investor makes an investment in the Fund, the investor's monies are invested in the Fund, consistent with the Fund's investment strategy. Units are then allocated to the investor based on the relevant application price at which the units were purchased and a record of the number of those units is kept by the Responsible Entity. On any day, the value of an investor's investment is the number of their units multiplied by the unit price. The value of an investor's units will vary as the market value of assets in the Fund rises or falls, which is reflected in the unit price. Unit prices are available on our [website](#).

An investor can increase their number of units by reinvesting distributions from the Fund or making additional investments in the Fund. An investor can decrease their number of units by making a withdrawal from the Fund.

Units entitle investors to a proportional beneficial interest in the Fund's assets as a whole and not in any specific asset of the Fund.

Lazard has the power to create different classes of units in the Fund. This PDS is for the issue of units in the "W" Class. Lazard may in the future create other classes of units and must treat unitholders in different classes fairly. The units in each class generally have the same rights, however the Management fees and costs for each class may vary and a separate daily unit price is determined for each class. Lazard will determine which class of units are issued to an investor who makes an initial application in the Fund and will notify unitholders accordingly.

Unit prices and minimum investment amount

Unit prices are generally calculated each business day based upon the Net Asset Value ("NAV") of the Fund divided by the number of units on issue in the Fund. Application and withdrawal unit prices are then usually adjusted up (in the case of applications) and down (in the case of withdrawals) for the buy-sell spread, which is an estimate of the costs of buying and selling the underlying assets in the Fund. Lazard may exercise certain discretion when calculating the NAV of the Fund and its policy for doing so is available from Lazard free of charge, upon request.

The minimum initial investment amount in the Fund is A\$20,000. Investors investing via a Platform should contact the Platform operator for the minimum investment amount for this Fund.

Applications into the Fund

Units in the Fund will only be issued following receipt of a fully completed Application Form and other required forms referred to in the Application Form, investor identification documents and cleared funds.

Valid applications for units received by the registry before 2pm on any business day will be issued at the application price next calculated after 2pm for that business day. Valid applications for units received by the registry after 2pm on any business day or received on a non-business day will be issued at the application price calculated for the next business day.

When an application is accepted by the registry, a confirmation advice will be sent to the investor detailing the date of acceptance, amount invested in the Fund, number of units issued and the application price.

Withdrawals from the Fund

Investors can request the withdrawal of all or part of their investment in the Fund by completing the Redemption Request Form available on our website at <https://www.lazardassetmanagement.com/gl/docs-page/-m0-/220665/RedemptionFormAutomatic> and sending the completed form and investor identification documents, if required, to the registry. Withdrawal proceeds will be paid to an Australian bank account. Payments cannot be made to a third party.

Valid withdrawal requests received by the registry before 2pm on any business day will be processed using the withdrawal price next calculated after 2pm for that business day. Valid withdrawal requests received by the registry after 2pm on any business day or received on a non-business day will be processed using the withdrawal price calculated for the next business day. A redemption transaction confirmation will be sent by the registry with details of the withdrawal.

In normal circumstances, valid withdrawal requests will be satisfied within 6 business days from the date of receipt of the request. The receipt of requests for large cash withdrawals and/or multiple withdrawal requests on the same day or with the same valuation date or where there is a freeze on withdrawals, are examples of, but do not limit, the circumstances that are not "normal circumstances". The withdrawal period could be extended, in certain circumstances, to 21 business days from the date of receipt of the request.

Lazard may compulsorily redeem a unitholding which falls below A\$20,000.

For the purpose of this PDS, "business day" shall mean any day on which banks are generally open for business in Sydney, New South Wales.

Distributions

The Fund will generally distribute to investors an amount equal to the taxable income of the Fund, if any, annually in proportion to their unit holding on the last business day of the distribution period. In the event this does not occur, the investor's cost base in the Fund will be adjusted and the amount of any adjustment will be included on the AMIT Member Annual ("AMMA") statement issued to investors. Where the Fund does not have any income accrued at financial year end, it may not make a distribution for that year. Lazard may cause a special distribution to be made at any time during the year. Distributions can be paid into an investor's nominated Australian bank account or be reinvested in the Fund by completing the relevant section of the Application

Form. Distribution payments cannot be made to a third party. If you do not nominate how you wish to receive your distributions, your distribution will be automatically reinvested as additional units in the Fund.

Reinvested distributions will be issued at the ex-distribution NAV unit price for that distribution period. There is no buy-sell spread applied to the reinvestment of distributions. Unit prices fall after the end of the distribution period to reflect the decrease in the NAV of the Fund occurring as a consequence of making the distributions. Investors will receive a distribution statement containing details of their distribution entitlements.

Investing through a Platform

This PDS may be used by Platform operators as disclosure about the Fund for persons who are clients of a Platform. However, Platform clients should be aware in reading this PDS that the Platform is the investor in the Fund and they should complete the form(s) required by the Platform operator to direct their investment to the Fund or withdrawal from the Fund, rather than use the Application Form and Redemption Request Form for the Fund provided by Lazard.

Section 3 Benefits of investing in the Lazard Global Equity Franchise Fund

The significant features of the Fund are that it has a professionally managed active investment strategy and it gives investors access to the returns from companies that we consider have an economic franchise. Lazard believes some of the significant benefits of investing in the Fund are:

1. Investment Return – the Fund aims to achieve a return for investors that meets or exceeds the **Fund's** stated investment return objective.
2. Expertise – the Fund is managed by a team of investment professionals who have many years of experience managing global equities. **They also have access to LAM's global investment professionals.**
3. Liquidity – investors have timely access to their investment and are normally provided with Fund valuations each business day.
4. Systems – the investment professionals have access to investment and risk management systems and processes to which ordinary investors usually do not have access.
5. Access to investments – multiple investors can be pooled into a relatively large Fund which can provide investors with access to investment opportunities which they usually cannot achieve by investing on their own.
6. Reporting – regular reporting is provided to investors including balances, fact sheets and AMMA statements.

Section 4 Risks of managed investment schemes

All investments carry risk. Different investment strategies may carry different levels of risk depending on the assets that make up the strategy. Assets with the highest long term returns may also carry the highest level of short term risk. The value of the investments in the Fund will vary. The level of returns will vary and future returns may differ from past returns. Returns are not guaranteed and investors may lose some of their money. Laws affecting registered managed investment schemes may change in the future. The level of risk for each person will vary depending on a range of factors including their age, investment time frames, **where other parts of the investor's wealth are invested and the investor's risk tolerance.**

Risk management is integral to Lazard's overall approach to managing investments. Its investment processes are designed to manage risk at a number of different levels within the Fund. However, investors should be aware not all risks are foreseeable and they may experience a capital loss on their units. Further, there may be periods where the Fund does not distribute any income. The significant risks of investing in the Fund are summarised below.

Market risk

Investors should be aware that the value of their units will rise or fall depending on the market value of the equities in which the Fund invests. The market value of equities will be affected (either positively or negatively) by general equity market conditions. Equity markets can experience significant volatility. Investors should carefully consider this volatility before making their investment decision.

Company and sector specific risk

This risk is inherent in a particular company's or sector's performance due to factors that are related to them. Examples of company or sector specific events include the entry of a new competitor or regulatory changes.

Foreign investment risk

The Fund will be exposed to the risks associated with overseas investment. These risks include changes in foreign exchange control regulations, application of foreign tax legislation including confiscatory taxation and withholding taxes, changes in government administration and economic monetary policy, appropriation, changed circumstances in dealings between nations, lack of uniform accounting and auditing standards, potential difficulties in enforcing contractual obligations and extended settlement periods.

Liquidity risk

Some securities in which the Fund invests, especially those of companies which have a smaller total market capitalisation, or where Lazard has a large holding, may be thinly traded or less liquid and therefore, have to be sold at a discount from current market prices or sold in small lots over an extended period of time.

Active management risk

Lazard actively seeks securities to invest in, rather than investing in a predetermined basket of securities such as an index. **The Fund's performance may deviate significantly from its stated benchmark given this style of investing and Lazard's longer-term view of a company's intrinsic value. The concentrated nature of the Fund can also result in large out/underperformance of the**

benchmark.

Currency management risk

Movements in currencies versus the Australian dollar can impact the Australian dollar value of the Fund's international investments and income received from those investments. Investors should be aware that investing in the Fund involves currency risk as the Fund does not generally hedge the currency exposure of the assets of the Fund back to Australian dollars.

Counterparty risk

Should Lazard decide to enter into foreign currency forward contracts for hedging purposes, Lazard is required to deal with counterparties. Counterparty or credit risk exists because the performance of a counterparty is not guaranteed, as the counterparty may not live up to its contractual obligations, which may lead to losses. Lazard minimises this risk by dealing with a panel of highly rated Australian and overseas based counterparties. Further risks are that the Fund's other trading counterparties, such as brokers, or the custodian appointed for the Fund, become insolvent or cannot otherwise meet their obligations.

Macroeconomic risk

The value of an investment in the Fund may be affected by factors such as interest rates, financial market volatility, economic cycles and economic climate, pandemics, political events, government policy and taxation and regulatory change.

Geopolitical risk

Geopolitical risks such as the risk associated with war, political upheavals, government policy changes, intercountry tensions and terrorism, can also impact the value of the Fund's investment. For example, a geopolitical event may lead to governments imposing sanctions, whether economic or otherwise, on another country (sanctioned country) that may impact the Fund's ability to trade securities connected to that sanctioned country or impact on the value of such securities. In addition, geopolitical events, such as the imposition of tariffs and counter-tariffs by countries, can impact more broadly on global macroeconomic events, which can also affect the value of securities owned by the Fund. Further, geopolitical events can impact more broadly on global macroeconomic events, which can also affect the value of securities owned by the Fund.

Country, legal, tax and regulatory risk

This is the risk that the Fund is exposed to the regulatory (including tax and legal), economic and political systems in countries in which the Fund invests or has exposure to. These risks may adversely affect those investments as well as impact on the Fund's performance.

Section 5 How we invest your money

Warning: You should consider the likely investment return, risk and your investment time frame when making your investment decision.

 You should read the important information about How we invest your money, before making a decision. Please go to Section 5 of the AID or by visiting our AID website [here](#). This information may change between the time you read the PDS and the day when you acquire the units in the Fund.

Investment return objective	The Fund seeks to achieve total returns (including income and capital appreciation and before the deduction of fees and taxes) in excess of the MSCI World Index ("the benchmark") with lower risk over the long term.
Suitability	Investors seeking an investment return objective similar to the Fund and are comfortable with the risks of investing and the investment time frame as described in this PDS. In addition, the Fund has a target market determination ("TMD") which sets out further information on the class of investors for whom the Fund, including its key attributes, would likely be consistent with that class of investor's likely objectives, financial situation (including the proportion of the Fund as a component of their total investable assets) and needs ("target market"). Investors should read and understand the TMD when considering investing in the Fund. The TMD is available from our website .
Minimum suggested time frame for holding the investment	5 years
Asset classes and range	The Fund's assets are typically invested within the following asset allocation ranges: <ul style="list-style-type: none"> Global equity and equity like securities and securities convertible into equity securities: 90% to 100% Cash: 0% to 10%
Risk level	High. Based on the Fund's investment strategy, the Fund has a high probability of negative returns over shorter time periods but may achieve higher returns over the long term.
Investment strategy	The Fund will invest in listed companies which we consider have an "economic franchise", meaning companies which we believe have a higher degree of earnings forecastability. The Fund may also invest in initial public offerings, that meet our definition of an economic franchise and which are expected to be listed within 3 months from the date of purchase. The number of securities will generally range from 25 to 50 which means Lazard makes active investment decisions as to which securities the Fund holds. The Fund will also diversify its assets between countries and sectors. The Fund excludes from its investment universe securities of companies classified by a third party service provider in the following Global Industry Classification Standard ("GICS") industries:

- Tobacco
- Aerospace & Defense
- Oil, Gas & Consumable Fuels

Where a **company's GICS** classification changes, whether through change in nature of the business or as the result of a corporate action, then Lazard will consider the change to determine whether or not the Fund will continue to hold the company.

The Fund is expected to be unhedged with respect to currency risk, however, Lazard has the capacity to use forward foreign currency contracts to partially or fully hedge the foreign currency exposures back to the Australian dollar, if considered appropriate.

Labour, environmental, social and ethical considerations	In addition to the exclusions noted above, Lazard as investment manager, in selecting, retaining or realising an investment, may take into account a variety of considerations, where we believe it to be financially material to a company's performance , including but not limited to, labour standards or environmental, social, corporate governance or ethical considerations. We are a signatory to the United Nations supported Principles for Responsible Investment (PRI) which provides a framework for integrating environmental, social and governance issues into the investment decision making process. However, the Fund does not pursue a sustainable investment strategy objective, have a sustainable investment objective or is be marketed as a sustainability related product.
Changes to Fund details	Lazard has discretion to change the investment strategy, to close the Fund to new investments (including from existing investors), to increase fees, to waive or increase the minimum initial and further investment amounts and holding balance requirement and to terminate the Fund. Lazard will notify unitholders of changes as required by the <i>Corporations Act 2001</i> and the Fund's constitution, as applicable.

Section 6 Fees and other costs

 You should read the important information about Fees and other costs, before making a decision. Please go to Section 6 of the AID or by visiting our AID website [here](#). This information may change between the time you read the PDS and the day when you acquire the units in the Fund.

DID YOU KNOW?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

TO FIND OUT MORE

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) Moneysmart website (<https://moneysmart.gov.au>) has a managed funds fee calculator to help you check out different fee options.

The ASIC managed funds fee calculator can be used to calculate the effect of fees and costs on your account balance.

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets of the managed investment scheme as a whole. Taxes are set out in another part of this document. You should read all the information about fees and costs because it is important to understand their impact on your investment. You can also use this information to compare the fees and costs with those of other simple managed investment schemes.

Fees and costs summary

LAZARD GLOBAL EQUITY FRANCHISE FUND (W Class)		
Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs		
<i>Management fees and costs</i> The fees and costs for managing your investment	Management Fee: 1.25% p.a. of the NAV. The Management Fee is negotiable.*/**	The Management Fee is calculated and accrued daily in the unit price and payable to the Responsible Entity from the assets of the Fund at the end of each month.
<i>Performance fees</i> Amounts deducted from your investment in relation to the performance of the product	Nil^	Not applicable

<i>Transaction costs</i> The costs incurred by the scheme when buying or selling assets	Estimate: 0.19% of the NAV ^{***}	Deducted from the Fund when assets are acquired or sold for the purpose of the Fund pursuing its investment strategy.
Member activity related fees and costs (fees for services or when your money moves in or out of the Fund)		
<i>Establishment fee</i> The fee to open your investment	Nil	Not applicable
<i>Contribution fee</i> The fee on each amount contributed to your investment	Nil	Not applicable
<i>Buy-sell spread</i> An amount deducted from your investment representing costs incurred in transactions by the scheme	Estimate: 0.20% #	Added to the unit price to calculate the application price when an investor makes an application and subtracted from the unit price to calculate the withdrawal price when an investor makes a withdrawal from the Fund.
<i>Withdrawal fee</i> The fee on each amount you take out of your investment	Nil	Not applicable
<i>Exit fee</i> The fee to close your investment	Nil	Not applicable
<i>Switching fee</i> The fee for changing investment options	Nil	Not applicable

All fees quoted above are inclusive of any GST, applicable stamp duty and net of any applicable reduced input tax credit (i.e. the GST component of the fee has been reduced by an estimate of the input tax credit or reduced input tax credit available to the Fund). For further general information on the tax implications of this Fund see Section 7.

- * The Management Fee may be negotiated with professional and wholesale investors and employees of Lazard or a related body corporate. For further information, see under 'Negotiation of Fees' in the 'Additional explanation of fees and costs' in the AID.
- ** The Management fees and costs include an Estimated Indirect Costs of 0.00%p.a. of the NAV. It is intended that all proposed investments in the Fund will be the end investments to which exposure is sought, rather than the means by which the benefit of an investment is obtained. Accordingly, there are no costs of interposed vehicles that need to be included as Indirect Costs. Further, all Recoverable Expenses that are normal operating costs will be paid from the Management Fee and at the time of preparing this PDS we do not anticipate that there will be Recoverable Expenses that are Extraordinary Expenses. For further information, see under 'Indirect Costs' in the 'Additional explanation of fees and costs' in the AID.
- *** This reflects an estimate of the total Transaction costs after deduction of amounts recovered through the buy-sell spread. For further information see under 'Transaction Costs' in the 'Additional explanation of fees and costs' section of the AID.
- # For further information on the buy-sell spread see under 'Transaction Costs' in the 'Additional explanation of fees and costs' section in the AID. We may vary the buy-sell spread from time to time in circumstances where 30 days' notice may not reasonably be provided. Updated buy-sell spread information is available from our [website](#) under 'Updated Information'.
- ^ While Lazard has the right to charge a performance fee under the constitution for the Fund, it will not be charging a performance fee during the life of this PDS

Example of annual fees and costs

This table gives an example of how the ongoing annual fees and costs in this product can affect your investment over a 1 year period. You should use this table to compare this product with other products offered by managed investment schemes.

Example for the Fund		Balance \$50,000 with a contribution of \$5,000 during the year
Contribution Fees	0%	For every additional \$5,000 you put in you will be charged \$0.
PLUS Management fees and costs [#]	1.25% p.a. of the NAV	And, for every \$50,000 you have in the Fund, you will be charged or have deducted from your investment \$625 each year.
PLUS Performance fees	Nil	And, you will be charged or have deducted from your investment \$0 in performance fees each year.
PLUS Transaction costs	0.19% of the NAV ^{***}	And, you will be charged or have deducted from your investment \$95 in transaction costs.
EQUALS Cost of fund	1.44% p.a. of the NAV	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000* during that year, you would be charged fees and costs of \$720.** What it costs you will depend on the fees you negotiate.

* Assumes \$5,000 contribution respectively occurs on the last business day of that year.

** Assumes that the investment balance remains constant throughout the year. In reality, your actual investment balance

will vary daily with the daily variation of the NAV of the Fund, and the actual fees and expenses charged to the Fund which are based on the Fund's NAV, will therefore also vary daily. Additional charges may apply, such as a 'buy-sell spread' when you contribute to or withdraw from the Fund. For further information on the buy-sell spread, see 'Additional explanation of fees and costs' in the AID.

*** This figure represents the estimated total Transaction costs of the Fund after deduction of the amount expected to be recovered through the buy-sell spread. For further information on these amounts, see under 'Transaction Costs' in the 'Additional explanation of fees and costs' section of the AID.

The Management fees and costs for the Fund include the Management Fee and Estimated Indirect Costs calculated as shown in the Fees and costs summary. For further information on the Management fees and costs, see 'Additional explanation of fees and costs' in the AID.

Additional explanation of fees and costs

Lazard reserves the right to change the fees and costs set out in this "Fees and other costs" section without investor consent up to the permitted maximums in the constitution. We will provide you with at least 30 days' prior notice of any increase in fees and charges if required by law.

Section 7 How managed investment schemes are taxed

Warning: Investing in a registered managed investment scheme is likely to have tax consequences. Investors are strongly advised to seek professional tax advice.

 You should read the important information about How managed investment schemes are taxed, before making a decision. Please go to Section 7 of the AID or by visiting our AID website [here](#). This information may change between the time you read the PDS and the day when you acquire the units in the Fund.

Any investment can have a substantial impact on your tax position from year to year. The Fund does not pay tax on behalf of unitholders. Unitholders are assessed for tax on any income and capital gains generated by the Fund.

Section 8 How to apply

To make an initial application, please complete the Online Application Form or download the Initial Application Form from our website at https://www.lazardassetmanagement.com/au/en_us/investment-solutions/how-to-invest/fund-documents-and-forms. Payments can be made either by electronic funds transfer or via BPAY®. Instructions on how to arrange payment will be emailed to you by the registry, once the registry has received your application for units. ©Registered to BPAY Pty Ltd ABN 69 079 137 518.

The minimum initial investment in the Fund is A\$20,000. Lazard may, in its discretion, accept a lower initial investment amount or reject an initial or additional application in total. Units in the Fund will only be issued following receipt of a fully completed Application Form and other required forms referred to in the Application Form, investor identification documents and cleared funds. **Application monies will become available as cleared funds in Lazard's account generally three business days after they have been debited from your account, unless dishonoured by your financial institution.**

If you use the downloaded Application Form, please email your completed and signed Application Form together with the required identification documentation, to lazard@automicgroup.com.au. Please note that if you do send your Application Form and the required identification documentation by email, the registry will assume any such applications have been emailed securely by the investor and neither Lazard nor the registry will be liable to the investor, if this is not the case. You can also mail your completed and originally signed Application Form together with the required identification documentation to the following address: Automic Pty Ltd, Level 5, 126 Phillip Street, Sydney NSW 2000.

If for any reason we are unable to process your application or if your application is not completed to our satisfaction, we may delay processing your application for up to one month in which case, cleared funds will be held in an interest-bearing trust account. Any interest earned in the trust account will be retained by Lazard. If your application is not processed by the end of the one-month period, your application monies will be returned to you.

Additional applications can be made at any time by completing an Additional Application Form available on our website at <https://www.lazardassetmanagement.com/docs/220664/AdditionalApplicationFormAutomic.pdf> or via the registry's online portal. Details of how investors can set up online portal access, will be communicated to investors by the registry upon the investor making an initial investment or can be provided by the registry on request of an investor. Instructions on how to arrange payment will be emailed to you by the registry, once the registry has received your additional application.

Cooling-Off period

The cooling-off period only applies to retail investors who invest directly in the Fund and does not apply to retail investors who invest through a Platform. Where a retail investor decides that their initial investment in the Fund does not suit their needs, they can request in writing to have it cancelled within the 14 day cooling-off period. The cooling-off period begins when the transaction confirmation is received by the investor or five days after the units are issued, whichever is earlier. The amount repaid will be the original amount invested, adjusted to take into account:

- any increase or decrease in the value of the investment,
- any tax or duty that may have been payable, and
- reasonable administrative and transaction costs

As a result, the amount repaid may be less than the value of the original investment. Investors will not be able to exercise any cooling-off rights once they have exercised any right or power in respect of their investment in the Fund.

Complaints

Complaints can be made by phone, in writing or in person. Please contact our Client Service Department by calling us on 1800 825 287, via email to investorqueries@lazard.com, through our website at https://www.lazardassetmanagement.com/au/en_us/contact/complaints, in person or by post to our address, Level 12 Gateway, 1 Macquarie Place, Sydney NSW 2000. Complaints received will be acknowledged by the Responsible Entity within 1 business day or as soon as practicable after receipt of the complaint. The complainant will be advised of a final written response within 30 days after the receipt of the complaint. Please note that we will not provide a final response where we have resolved the complaint to your satisfaction within five business days and you have not requested a written response. If the complaint is particularly complex or circumstances beyond our control are causing delays in responding, then we will let you know if we cannot provide a final written response within the 30 day period. Retail investors who are not satisfied with our final response to their complaint, can lodge a complaint with the Australian Financial Complaints Authority, or AFCA. AFCA provides fair and independent financial services complaint resolution that is free to consumers.

Section 9 Other information

You should read the important information about Other information, before making a decision. Please go to Section 9 of the AID or by visiting our AID website [here](#). This information may change between the time you read the PDS and the day when you acquire the units in the Fund.

Consent

LAM has given and has not withdrawn its consent to its name appearing in the Offering Document for the Fund in the form and context in which it appears. Other than the consent provided, LAM does not take any responsibility for any other part of the Offering Document and has not authorised or caused the issue of the Offering Document. LAM does not make any representation or give any warranty as to the completeness or appropriateness of any information contained in this Offering Document.

Other relevant laws

Lazard is required to comply with the *Privacy Act 1988 (Cth)*, the *Anti-Money Laundering and Counter-Terrorism Financing Act 2006 (Cth)* and certain other tax related legislation as referred to in Section 7 of this PDS. These laws apply to the information we collect from you in the Application Form and further information on these laws is provided in Section 9 of the AID.

Section 10 New Zealand investors

The Fund is available for investment by New Zealand investors. If you are a New Zealand investor, you should read the information under the heading “**Additional information for New Zealand investors**” in the AID or by visiting our AID website [here](#), before making a decision to invest in the Fund.
