1. About Pinnacle Fund Services Limited

Pinnacle Fund Services Limited

Pinnacle Fund Services Limited ABN 29 082 494 362 AFSL 238371 is the responsible entity ('Responsible Entity', 'we', 'our', 'us') of the Firetrail Australian High Conviction Fund ARSN 624 136 045 ('Fund'). Pinnacle Fund Services Limited is wholly owned by Pinnacle Investment Management Limited ABN 66 109 659 109 AFSL 322140 ('Pinnacle'). Pinnacle supports the development of high-quality investment management businesses and is the distributor of the Fund.

Firetrail Investments Pty Limited

We have appointed Firetrail Investments Pty Limited ABN 98 622 377 913 AFSL 516821 ('Firetrail' or 'Investment Manager') as the investment manager of the Fund. Firetrail is an active investment manager, specialising in high conviction equities investing. Firetrail employs a fundamental investment approach to the Fund's long portfolio to identify companies that it believes are undervalued over the medium term. The investment style is unconstrained, which means Firetrail will invest in both 'growth' and 'value' companies, as well as across diverse industries and sectors.

Other service providers

Citigroup Pty Limited ABN 88 004 325 080 ('Citi') has been appointed as the Custodian, Fund Administrator and Unit Registry for the Fund.

2. How the Firetrail Australian High Conviction Fund works

How does the Fund operate?	The Fund is a registered managed investment scheme. When you invest in the Fund, your money will be pooled with that of other investors and you will be issued 'units'. Each unit held in the Fund gives the unit holder a beneficial interest in the Fund as a whole, but not in any particular asset of the Fund. Holding units in the Fund does not give a unit holder the right to participate in the management or operation of the Fund. Each unit in the Fund offered or issued under this PDS is of equal value and identical rights (as between units of the same class) are attached to all such units. We are required by the Corporations Act 2001 (Cth) to treat all unitholders within a class of units equally and unitholders in different classes fairly. We will keep a record of the number of units you hold.	
Applications	You can increase your investment at any time by buying more units in the Fund. When you make an investment in the Fund, your units will be allocated to you based on the entry price for the Business Day your application is processed.	
Minimum investments¹	Minimum initial investment	\$20,000
	Minimum additional investment amount	\$5,000
	Minimum withdrawal amount	\$5,000
	Minimum investment balance	\$20,000
	The minimum initial investment amount does not apply to investments through an IDPS.	
Withdrawal	You can decrease your investment at any time by withdrawing your units in the Fund. When you withdraw, your units will be redeemed based on the exit price for the Business Day on which your withdrawal request is processed. Direct withdrawal requests can be made daily, and must be received by the Unit Registry prior to 12pm (Sydney time) on a Business Day. Withdrawal requests received after that time, or on a non-Business Day, will be treated as being received on the next Business Day. Electronic transfer of the redemption proceeds can take up to 5 Business Days, however it will often be completed in a shorter period of time. There is a minimum withdrawal amount of \$5,000. If your withdrawal request would result in your investment balance being less than \$20,000, we may treat your withdrawal request as being for your entire investment. We will provide investors with advance notice of any compulsory redemption. The minimum balance does not apply to investments through an Investor Directed Portfolio Service ('IDPS').	
Access to funds	Extreme market conditions can cause difficulties or delays to the Fund being able to sell its assets or requiring it to freeze withdrawals. These circumstances could result in it taking a period of time before you are able to withdraw your investment, or for it taking longer than usual for you to receive your withdrawal proceeds. We will not satisfy a withdrawal request if the Fund becomes illiquid (as defined under the Corporations Act). In certain circumstances we may suspend withdrawals.	

Unit price	<p>A unit price is calculated for every Business Day which is equal to the value of the Fund's net assets attributable to the units divided by the number of units. Generally, the unit price changes daily as the market value of the Fund's assets rises or falls.</p> <p>The entry price is calculated by taking the net asset value of the Fund apportioned to the Class A units and adding to it an amount which reflects the estimated cost of acquiring the Fund's assets attributable to Class A units (subject to the Responsible Entity's discretion to reduce or waive such costs) and dividing the net figure by the number of Class A units on issue in the Fund.</p> <p>The exit price of the Fund is calculated by taking the net asset value of the Fund apportioned to the Class A units and subtracting from it an amount which reflects the estimated cost of selling the Fund's assets attributable to Class A units (subject to the Responsible Entity's discretion to reduce or waive such costs) and dividing the net figure by the number of Class A units on issue in the Fund.</p> <p>Current unit prices for the Fund are available on the Fund's webpage or by contacting us.</p>
NAV	<p>The Net Asset Value or 'NAV' of the Fund apportioned to the Class A units is calculated by deducting the value of the fees, charges, expenses and other liabilities from the value of the gross assets attributable to the Class A units in the Fund.</p> <p>Current NAV per unit of the Fund is available on the Fund's webpage or by contacting us.</p>
Unit pricing policy	<p>The Responsible Entity complies with ASIC Class Order 13/655 as it relates to unit pricing requirements and has adopted a compliant policy for unit pricing discretions it uses in relation to the Fund ('Unit Pricing Policy'). Additional documents may be prepared for this purpose from time to time.</p>
Distributions	<p>Distributions are payable half-yearly as at 31 December and 30 June subject to the Fund having sufficient distributable income. The net distributable income of the Fund is allocated to unitholders on a per-unit basis according to the number of units held in the Fund at the end of the distribution period. Distributable income is calculated annually and is generally sent to unitholders within one month of the last day of the distribution period.</p> <p>A distribution reduces the Fund's net asset value and is therefore reflected in the Fund's unit price.</p> $\text{Your distribution} = \frac{\text{The Fund's distributable income apportioned to Class A units}}{\text{Total number of Class A units on issue}} \times \text{The number of Class A units you hold}$ <p>Distributions will be reinvested for additional units in the Fund unless otherwise instructed.</p>
Indirect investors	<p>Investors and prospective investors may also access the Fund indirectly. The PDS and Additional Information the PDS has been authorised for use by operators through an IDPS or master trust. An IDPS is an investment and reporting service offered by an operator. People who invest through an IDPS, master trust or wrap account are indirect investors. Such indirect investors do not acquire the rights of a unit holder of the Fund. Rather, it is the operator or custodian of the IDPS or master trust that acquires those rights. Therefore, indirect investors do not receive income distributions or reports directly from us, do not have the right to attend meetings of unit holders and do not have cooling off rights. Different investment, balance and withdrawal minimums may also apply. Indirect investors should not complete the Fund's application form. The rights of indirect investors are set out in the disclosure document for the IDPS or master trust. If you are investing through an IDPS or a master trust, enquiries should be made directly to the IDPS operator or the trustee of the master trust.</p>
mFund investors	<p>The Fund has been admitted to the mFund Settlement Services ('mFund'), the managed fund settlement service operated by the ASX. mFund allows you to settle or pay the application price and be paid the redemption price, based on the net asset value of the Fund. Your unitholding will be CHESS sponsored by your broker and identified through your individual Holder Identification Number (HIN). mFund investors may apply for or redeem units in the Fund via their broker. See www.mfund.com.au for additional information.</p>

1. Or less at the discretion of the Responsible Entity. Minimum investments do not apply to IDPS investments; see your IDPS provider.

You should read the important information about 'How the Fund works' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'How the Fund works' may change between the time when you read this PDS and the day when you sign the Application Form.

3. Benefits of investing in the Fund

The Fund provides exposure to a concentrated portfolio of Australian equities through securities listed, or expected to be listed, on the Australian Securities Exchange and the New Zealand Stock Exchange.

The Fund will hold significantly fewer securities than the Benchmark at all times. Only those securities that the Investment Manager has the highest conviction to generate the greatest returns will be included in the portfolio.

The process employs an unconstrained approach to fundamental research to identify companies which:

- offer the most attractive forecast returns based on the Investment Manager's medium-term view;
- the Investment Manager believes will not materially disappoint market expectations in the short-term; and,
- may have 'growth' or 'value' characteristics.

Significant features and benefits

Active management | Access to an actively managed, concentrated portfolio of Firetrail's best investment ideas.

High-quality management | Firetrail's robust investment process.

Investment management expertise | The expertise of Firetrail's investment team (Firetrail Investment Team), members of which have been implementing the same investment strategy since 2005.

4. Risks of managed investment schemes

All investments carry risk. All managed investment schemes carry different types of risk which can have varying impacts on returns. Due to uncertainty in all investments, there can be no assurance that the Fund will achieve its investment objectives. The value of your units at any point in time may be worth less than your original investment even after taking into account the reinvestment of Fund distributions. Future returns may differ from past returns. Returns are not guaranteed, and you may lose some or all of your money. You need to consider the level of risk that you are comfortable with, taking into account factors such as your objectives, financial situation and needs.

Risks can be managed but cannot be completely eliminated. It is important to understand that:

- the value of your investment may go up and down;
- investment returns may vary, and future returns may be different from past returns;
- returns are not guaranteed and there is always the chance that you may lose money on any investment you make; and
- laws affecting your investment may change over time, which may impact the value and returns of your investment.

The significant risks for the Fund are:

Concentration risk - The risk associated with a fund that concentrates its investments in a small number of securities or invests in a small subset of an asset class, resulting in possibly higher volatility compared to the broader market index.

Counterparty risk - There is a risk with external counterparty and service provider arrangements that the party to a contract defaults on, or fails to perform, its contractual obligations.

Currency risk - Investing in assets denominated in or primarily exposed to a currency other than the Fund's base currency may cause losses resulting from exchange rate fluctuations.

Cyber security risk - Technology is prevalent in the course of business for the Responsible Entity and its service providers making the Responsible Entity susceptible to a breach of cyber security. This may cause the Responsible Entity to lose proprietary information, suffer data corruption or lose operational capacity.

Derivative risk - The Fund may invest in derivatives as part of its investment strategy. A derivative is an instrument whose value is linked to the value of an underlying asset and can be a highly volatile investment instrument.

Equity security risk - The Fund primarily invests in equity securities issued by listed companies. The share price of a security can rise and fall as a consequence of many factors including, but not limited to, economic conditions, adverse investor sentiment, management performance, financial leverage, or factors that affect the company's industry.

Foreign investment risk - The Fund may invest in a range of international securities or foreign investment vehicles, and in companies that have exposure to a range of international economies and regulatory environments, which may impact the Fund's international investments.

Income risk - The Fund may make payments (regular or irregular) as distributions, depending on the income the Fund receives from underlying assets, which may fluctuate significantly in their market value.

Investment strategy risk - The success of the Fund depends upon the Investment Manager's ability to develop and implement investment processes and identify investment opportunities that achieve the investment objectives of the Fund.

Investment structure risk - There are risks associated with investing in the Fund, such as risks of the Fund's termination, changes to investment strategy or structure, changes to fees or expenses, or changes to the Fund's operating rules (such as payments or reinvestments of distributions, or additional investments).

Large transaction risk - The Fund may receive requests for significantly large purchases or redemptions of units. Meeting such requests may cause the Fund to experience abnormally high cash balances, securities transactions, transaction costs and capital gains.

Liquidity risk - Whilst the Fund is primarily exposed to traded assets traded on any Australian and International exchanges, and which are generally considered liquid, under extreme market conditions there is a risk that investments cannot be readily converted into cash or at an appropriate price.

Market risk - The Fund has exposure to different markets, such as fixed income, equity, or derivative markets, and is not expected to behave like a cash investment. The Fund may be materially affected by market, economic and political conditions globally.

Pre-IPO securities risk - There are risks associated with pre-IPO raisings including that the company does not go public or the predicted value does not eventuate.

Regulatory risk - The value of some investments may be adversely affected by changes in government policies, regulations and laws, including tax laws and laws affecting registered managed investment schemes.

Unlisted security risk - Unlisted securities can be less liquid or less transparent than listed securities.

You should read the important information about 'Risks of Managed Investment Scheme' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'Risks of Managed Investment Schemes' may change between the time when you read this PDS and the day when you sign the Application Form.

5. How we invest your money

WARNING: When it comes to choosing to invest in the Fund, you should consider the likely investment return, the risks and your investment timeframe.

Investment objective ¹	The Fund aims to outperform the S&P/ASX 200 Accumulation Index over the medium to long term.
Benchmark	S&P/ASX 200 Accumulation Index
Hurdle Rate	Benchmark return plus 2% applied on an annual basis
Suggested minimum investment period	5 years or more

Risk level	Very high ² .						
Investment guidelines	The Fund will hold significantly fewer securities than the Benchmark due to its concentrated nature.						
Portfolio allocation ³	<table border="0"> <thead> <tr> <th>Asset Class</th> <th>Typical Investment Range</th> </tr> </thead> <tbody> <tr> <td>Australian and New Zealand equities</td> <td>90% – 100%</td> </tr> <tr> <td>Cash</td> <td>0% – 10%</td> </tr> </tbody> </table>	Asset Class	Typical Investment Range	Australian and New Zealand equities	90% – 100%	Cash	0% – 10%
Asset Class	Typical Investment Range						
Australian and New Zealand equities	90% – 100%						
Cash	0% – 10%						
Permitted investments	<p>The Fund is expected to be predominantly invested in</p> <ol style="list-style-type: none"> Ordinary shares (fully paid or contributing), stapled securities, preference shares or stock, convertible notes, converting preference shares, rights or share options (company and exchange traded) of companies and trusts listed on the Australian Securities Exchange (ASX), any other recognised Australian exchange, or the New Zealand Stock Exchange (NZX), any dual-listed securities that are listed on the ASX and the NZX. New issues of shares by a public company or units by a unit trust being newly floated, provided that the company or unit trust is expected to be listed on the ASX or any other recognised Australian exchange within 13 months; Cash deposits held with the Custodian; Derivatives listed on the ASX or any other recognised Australian exchanges including warrants, options and futures. The maximum cumulative exposure of all listed derivatives is 10% of NAV; Debt or hybrid securities that are expected to convert into Australian equity securities within 13 months. 						
Corporate events	The Fund may occasionally invest in corporate events such as IPO's, Pre-IPO's, Placements, Sub-Underwritings, Recapitalisations and other corporate events where the Manager believes there is potential to produce higher returns over the short to medium term.						
Currency exposure	The Fund may occasionally have unhedged exposure to non-Australian denominated securities.						
Labour standards or environmental, social or ethical considerations	Firetrail applies environmental, social (including labour standards) and ethical (incorporating corporate governance) ('ESG') considerations when selecting, retaining or realising the investments of the Fund in addition to other methods in assessing company value. These ESG considerations are generally only taken into account by Firetrail to the extent that they financially affect the investment. It should be noted that Firetrail does not have a fixed methodology or weightings for taking into account these ESG risks and each investment opportunity is assessed on a case-by-case basis. Additionally, Firetrail may exclude certain securities or sectors based on ESG factors.						
Change to Fund details	We have the right to change the Fund's asset classes, asset allocation ranges and investment return objectives without prior notice. We will inform investors of any material change to the Fund's details via the Fund's webpage or as otherwise required by law.						

- The investment objective is expressed after the deduction of management fees, expense recoveries and taxation, i.e. the investment objective is measured relative to the Fund's Benchmark, after fees and costs and taxes are deducted from the Fund's performance. Refer to Sections 6 and 7 for further information on fees and other costs and taxation. The investment objective is not intended to be a forecast, it is only an indication of what the investment strategy aims to achieve over the medium to long term, assuming financial markets remain relatively stable during that time. The Fund may not achieve its investment objective and returns are not guaranteed.
- The risk level is not a complete assessment of all types of investment risk. It does not address the potential size of a negative return nor the possibility that a positive return may be less than the return expected or required by an investor's objective and is based on the Australian Prudential Regulation Authority Guidance Standard Risk Measure.
- The above ranges are indicative only. The Fund will be rebalanced within a reasonable period of time should the exposure move outside of the above ranges.

If for reasons beyond the control of the Investment Manager such as market movements or unit holder transactions, the Fund's investments do not comply with the investment guidelines detailed above, the Investment Manager will remedy the situation as soon as practicable.

You should read the important information about 'How we invest your money' and 'How we keep you informed' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'How We Invest Your Money' may change between the time when you read this PDS and the day when you sign the Application Form.

6. Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns. For example, total annual fees and costs of 2% of your fund balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower fees and management costs. Ask the Fund or your financial adviser.

To find out more

If you would like to find out more or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission ('ASIC')** Moneysmart website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

For personal use only

This section shows the fees and other costs you may be charged. These fees and costs may be deducted from your account, from the returns on your investment or from the Fund assets as a whole. Taxes are set out in Section 7 of this PDS. You should read all the information about fees and costs because it is important to understand their impact on your investment.

WARNING: Additional fees and costs may be paid to a financial adviser if a financial adviser is consulted. The details of these fees and costs should be set out in the statement of advice by your adviser.

Fees and costs summary: Firetrail Australian High Conviction Fund

Type of fee or cost	Amount	How and when paid
Ongoing annual fees and costs^{1,2}		
Management fees and costs The fees and costs for managing your investment	0.90% p.a. of the NAV of the Fund.	Management fee The management fee is calculated on the net asset value of the Fund. It is reflected in the daily unit price and payable monthly in arrears from the Fund. Extraordinary expenses are paid from the Fund's assets as and when incurred. ³
Performance fee Amounts deducted from your investment in relation to the performance of the product	0.03% p.a. of the NAV of the Fund. ⁴	If applicable, a performance fee of 15% of the Fund's gross outperformance relative to its Hurdle Rate ⁵ return, multiplied by the net asset value of the Fund. The performance fee is calculated and accrued each Business Day and is reflected in the daily unit price. The performance fee is payable quarterly as at 30 September, 31 December, 31 March and 30 June, if applicable.
Transaction costs The costs incurred by the scheme when buying or selling assets.	Transaction costs are estimated to be 0.10% p.a. of the NAV of the Fund	Transaction costs associated with dealing with the Fund's assets may be recovered from the Fund. As some transaction costs will be paid for by investors who are charged the buy-sell spread when they enter or exit the Fund, the transaction costs are shown net of buy-sell spread.
Member activity related fees and costs (fees for services or when your money moves in or out of the Fund)		
Establishment fee The fee to open your investment	Nil	Not applicable
Contribution fee The fee on each amount contributed to your investment	Nil	Not applicable
Buy-sell spread⁶ An amount deducted from your investment representing costs incurred in transactions by the scheme	0.15% upon entry and 0.15% upon exit	The buy-sell spread is applied on each application and withdrawals from the Fund and operates to increase the relevant unit price for each new investment and to decrease the unit price for each withdrawal to cover costs of underlying portfolio transactions
Withdrawal fee The fee on each amount you take out of your investment	Nil	Not applicable
Exit fee The fee to close your investment	Nil	Not applicable
Switching fee The fee for changing investment options	Nil	Not applicable

1. Fees are inclusive of GST and net of any applicable Reduced Input Tax Credits ('RITC').

2. The amount of this fee can be negotiated for certain investors such as wholesale clients (as defined in the Corporations Act), depending on factors such as the amount invested.

3. Refer to 'Extraordinary expenses' in the 'Additional Information to the PDS' for further information

4. In accordance with the Corporations Regulations, this represents the average of the performance fees charged by the Fund over the past five financial years and which reasonably represents what a typical performance fee may be in any given financial year. However, the actual performance fee payable (if any) will depend on the performance of the Fund and the performance fee estimate provided may not be a reliable indicator of future performance fee.

5. The Fund's Hurdle Rate means the Benchmark return plus 2% applied on an annual basis. As the performance fee is payable quarterly, the relevant Hurdle Rate for each quarterly performance fee period is the Benchmark return plus 0.5% applied on a quarterly basis. Refer to 'Additional explanation of fees and costs' in the 'Additional Information to the PDS' for further information.

6. When money moves in or out of the Fund, you may incur a buy/sell spread which is included in the unit price of the Fund. Refer to 'Buy/Sell spread' in the 'Additional Information to the PDS' for more information

Example of annual fees and costs for the Fund

This table gives an example of how the fees and costs for the Fund can affect your investment over a one (1) year period. You should use this table to compare this product with other managed investment products.

Example of fee or cost	Amount	Balance of \$50,000 with a contribution of \$5,000 during the year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs	0.90% p.a.	And , for every \$50,000 you have in the Fund you will be charged or have deducted from your investment \$450
PLUS Performance fees	0.03% p.a. ¹	And , you will be charged or have deducted from your investment \$15 in performance fees each year
PLUS Transaction costs	0.10% p.a.	And , you will be charged or have deducted from your investment \$50 in transaction costs
EQUALS Cost of Fund	If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 ² during the year, you will be charged a fee of \$515. What it costs you will depend on the investment option you choose and the fees you negotiate.	

1. The example includes a performance fee estimate of 0.03% which is the average performance fee amount for the Fund for the previous five financial years. However, the actual performance fee payable (if any) will depend on the performance of the Fund and the performance fee estimate provided may not be a reliable indicator of future performance fees of the Fund.
2. The example assumes management costs are calculated on a balance of \$50,000 with the \$5,000 contribution occurring at the end of the first year. Therefore, management costs are calculated using the \$50,000 balance only.

Please note that this is just an example. In practice, your investment balance will vary, as will related management costs. Fee rebates may be individually negotiated with wholesale clients (as defined in the Corporations Act). Go to 'Additional Information to the PDS' located at the Fund's webpage for further information about negotiable fees.

We have the right to increase the fees or to charge fees not currently levied up to the maximum limits set out in the Fund constitution without your consent. If we choose to exercise this right, we will provide you with 30 days prior written notice.

You should read the important information about 'Fees and other Costs' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'Fees and other costs' may change between the time when you read this PDS and the day when you sign the Application Form.

7. How managed investments schemes are taxed

WARNING: Investing in a registered managed investment scheme may have tax consequences. You are strongly advised to seek professional tax advice.

The Fund is an Australian resident for tax purposes and does not generally pay tax on behalf of its investors. The taxation implications of investing in the Fund can be complex and depend on a number of factors, including whether you are a resident or non-resident of Australia for taxation purposes and whether you hold the units on capital account or revenue account.

You should read the important information about 'Taxation' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'Taxation' may change between the time when you read this PDS and the day when you sign the Application Form.

8. How to apply

Direct investors

To apply for units in the Fund directly, please read this PDS together with the Additional Information to the PDS located at the Fund's webpage then complete the Application Form.

Direct applications received, verified and accepted by the Unit Registry prior to 12pm (Sydney time) on a Business Day will generally be processed using the unit price for that day. For applications accepted after 12pm (Sydney time) or on a non-Business Day, generally the next Business Day's unit price will apply.

We reserve the right not to accept (wholly or in part) any application for any reason or without reason. No interest is received on application monies, including monies for additional investments, and no interest will be paid to you if for any reason your application can not be accepted.

Indirect investors

If you are investing through an IDPS or a master trust, enquiries should be made directly to the IDPS operator or the trustee of the master trust.

mFund investors

You may apply for units in the Fund via your broker through mFund.

Cooling-off

If you are a retail client (as defined in the Corporations Act) investing directly in the Fund, you have a 14-day cooling-off period. If you exercise your cooling-off rights, we will return your money to you and no fees will apply. However, the amount you receive will reflect any movement (either up or down) in the unit price of the Fund which means that there may be tax implications for you. The 14-day cooling-off period commences on the earlier of the end of the fifth Business Day after we issue the units to you or from the date you receive confirmation of your application. A cooling-off period does not apply to:

- wholesale clients (as defined in the Corporations Act)
- the operator of an IDPS or trustee of a master trust. Indirect investors do not have cooling off rights in respect of any units held in the Fund. Speak with the IDPS operator or trustee of a master trust to determine whether any cooling off rights are available to you through the service; or
- where units have been issued as a result of an additional investment, switch or distribution reinvestment plan.

In writing to: Australian Financial Complaints Authority, GPO Box 3, Melbourne VIC 3001.

Please quote the Responsible Entity's membership number 10252 in communications with AFCA.

The dispute resolution process described in this PDS is only available in Australia. If you are an indirect investor, you may either contact your IDPS operator or us with complaints relating to the Fund. Complaints regarding the operation of your account with the IDPS should be directed to the IDPS operator. If you have first raised a complaint with your IDPS operator and are not happy with how the complaint has been handled, you should raise that with the IDPS operator or the IDPS operator's external dispute resolution service.

9. Other information

Continuous disclosure documents

The Responsible Entity will comply with the continuous disclosure requirements for disclosing entities under the Corporations Act where the Fund is a disclosing entity. This means that the Fund will be subject to regular reporting and disclosing obligations and copies of documents the Responsible Entity lodges with ASIC for the Fund may be obtained from or inspected at an ASIC office.

The Responsible Entity will also send you free, upon request, copies of:

- the most recent annual financial report for the Fund lodged with ASIC; and
- any half year financial reports for the Fund lodged with ASIC after the lodgment of the most recent annual financial report.

Also, we will comply with our continuous disclosure obligations for the Fund by publishing material information on the Fund's webpage.

Consents

Firetrail and Citi have consented to be named in this PDS in the form and context in which it is named and, as at the date of this PDS, have not withdrawn their consent. Firetrail consents to the inclusion of statements about its investment strategy statements about the extent to which it takes labour standards and environmental, social and ethical considerations into account in making investment decisions, information about its investment team, and statements about when Firetrail will effect short selling, leverage or derivatives strategies (where relevant). Firetrail and Citi have not authorised or caused the issue of any part of this PDS and takes no responsibility for any part of this PDS other than the inclusion of the statements referred to above.

Additional information, privacy and effect of application form

We may provide you with information about the Fund and your investment and collect and disclose your personal information. Also, by signing and returning the Application Form you are agreeing to certain matters, as disclosed on the Application Form.

You should read the important information about 'How we invest your money', 'Privacy' and 'Additional Information' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'How we invest your money', 'Privacy' and 'Additional Information' may change between the time when you read this PDS and the day when you sign the Application Form.

Warning statement for New Zealand investors

New Zealand investors may invest in the Fund under this PDS. However, the Fund is governed under the Australian, rather than New Zealand law, and New Zealand investors should consider the differences in regulation between Australia and New Zealand before deciding whether to invest in the Fund.

You should read the important information about 'Investment by New Zealand Investors' before making a decision. Go to 'Additional Information to the PDS' located at the Fund's webpage. The material relating to 'Investment by New Zealand Investors' may change between the time when you read this PDS and the day when you sign the Application Form.
